

MiningWorld Russia 2006

THE 10TH INTERNATIONAL EXHIBITION FOR MINING AND PROCESSING OF METALS AND MINERALS

MiningWorld Russia Exhibition is a unique concept specifically designed to bring suppliers of mining equipment and machinery, products and services from all areas of the world in direct contact with mining exploration, mining processing of minerals and metals in Russian Federation and presented in clearly defined sections:

BULK MATERIALS HANDLING: *Abrasion Resistant Piping; Continuous Excavation & Mucking; Conveyors; Crushers; Doors; Feeders and Feeder-Breakers; Material Storage; Materials Handling Systems; On-line Weighing & Monitoring Systems; Plant Design; Rings; Seals & Packings; Sheaves; Stackers & Reclaimers; Winches.*

ENVIRONMENT: *Audits; Backfill; Cyanide Management; Diesel Engine Exhaust Cleaners; Dust Control; Environmental Control; Environmental Monitoring; Environmental Remediation; Feasibility Studies; Government Legislation; Hazardous Waste Management; Impact Assessment; Mine Closure Services; Pollution Control; Pumps; Remediation Enclosures; Site Characterization; Software; Solution Heating; Tailings; Waste Water Treatment; Water Treatment.*

EXPLORATION: *Aerial Mapping Services; Assaying; Auditing; Borehole Surveying; Check Sample Analysis; Community Relations; Data Interpretation Services; Data Management Systems; Data Processing & Analysis Software; Diamond Drilling; Diamond Exploration Services; Drilling; Drilling Fluids; Due Diligence Investigations; Exploration Software; Feasibility Studies; Field Computers; Geochemical Surveying and Consulting; Geological Consulting; Geological Surveying; Geophysical Surveying; Geotechnical Instruments; Geotechnical Services; Government Legislation; Ground Survey Control; Mine Development; Mineralogy; Mining Accessories; Ore Reserve Estimates; Preliminary Financial Analysis; Qualifying Reports; Reverse Circulation Drilling; Rock Mechanics; Satellite Image Processing; Surveying Equipment; Temporary Structures; Valuations.*

GENERAL SERVICES: *3D Maps; 3D Scanning and Modelling; Abrasive Blasting; Accommodation; Air Compressors; Airfield Instrumentation; Align Boring; Blasting; Communications; Computer-Based Training Programs; Construction; Construction Management; Contractor Orientation / Safety Training; Conventional and GPS Surveys; Crisis Management; Custom Metal Products; Customised Training Development; Digital Mapping; Disaster Assistance; Dryers; Electric Motor Sales and Service; Electrical Equipment; Exploration Suppliers; Export Financing, Insurance, Guarantees; Export Packaging; Export Support Services; Field and Camp Suppliers; Financial Analysis and Services; Financial Assurance; Government Legislation; Government Services; GPS Systems; Heat Exchangers; Human Resources; Information Services; Intelligence and Analysis; Laser Range Finder; Lithostructural Maps; Machinery; Maintenance; Marketing Services; Medical Products; Mine Automation; Mine Equipment Valuations; Mine Liquidation Services; Mine Management Consulting; Mining Contracting; Motors; Navigational Equipment; Networking; Non-destructive Testing; Photogrammetry; Power Generation; Power Transmission; Procurement Services; Prototype and Product Development; Pumps; Rail Car Covers; Rock Breaker Booms; Safety Clothing and Equipment; Satellite Communications; Satellite Images; Scoping Studies; Sector Information Services; Security Assistance; Sieves; Soil Washing and Processing; Solution Heating Technology; Structures; Surplus Asset Sales; Surveying Equipment; Transportation Services; Travel Protection; Vehicle Components; Vehicle Maintenance Structures; Wear Resistant Lined Pumps; Weather Monitoring Stations.*

MINERAL PROCESSING: *Assaying and Sampling; Autoclaves; Carbon Reactivation Kiln; Classification; Coolers; Crushers; Cyanide Management; Engineering Procurement; Feeders; Filtration & Thickening; Flotation Equipment; Fluid Bed Dryer; Grinders; Heat Exchangers; Infrared Dryer; Kilns and Dryers; Lubrication Systems; Metallurgical Engineering; Mill Linings & Accessories; Modular Mineral Processing Plants; Ore Processing Structures; Pipework; Plastic; Pond / Pad Liners; Process Control Equipment; Raffinate Solution Heating; Rotary Dryer; Samplers; Screening & Sizing; Separation; Tanks; Vibratory Equipment.*

SMELTING & REFINING: *Automation; Billion Furnace; Burning Bar – Thermic Lance; Concentrate Preparation; Custom Smelting Equipment; Electrowinning Rectifiers; Flue Gas Duct Expansion Joints; Furnace Rectifiers and Controllers; Hydrometallurgical Engineering Services; Impact Ripper, Bolt Removal Machines; Mercury Retorts; On-site Waterhousing; Pyrometallurgical Engineering; Refinery; Refining Equipment; Refractory Drill; Smelting –Furnaces & Converters; Submerged Solution Heating; Tank Enclosures; Tankhouse Equipment; Tap Hole Drills; Tuyere Puncher, Silencers, Pyrometer.*

SURFACE MINING: *Ancillary Vehicles; Boom Assemblies; Braking Systems; Covered Walkways; Dippers; Dozer Blades; Drill Consumables; Drilling Equipment; Electrical Equipment; Geotechnical Services; Groundwater; Haulage Vehicles; Hydraulic Components; Impact Breaks; Loader and Excavator Buckets; Mine Design; Mine Planning Software; Monitoring and Control; Opencast and Open Pit Mining Excavators; Parts; Pumps; Road Construction; Rock Mechanics; Safety Equipment; Sheaves; Shovel & Dragline Hoist Ropes; Shovel Buckets, Blades and Wear Parts; Tires; Wheels and Rims; Winches; Backfill.*

UNDERGROUND MINING: *Backfill Equipment; Coal Face Equipment; Communication Equipment; Development; Drill Consumables; Drilling Services; Electrical Equipment; Ground Support; Headframe Timber; Health and Safety; Hydraulic Components; Mine Design; Monitoring and Control; Production and Service Equipment; Production Drilling; Road Maintenance; Rock Mechanics; Shaft and Headframe Design; Shaft Timber; Sheaves; Underground Storage; Underground Transport, Rail-Mounted; Underground Vehicles; Used Equipment; Ventilation; Wheels and Rims; Winches; Winding and Hoisting.*
